Mathematics Written Calculations' Workshop Tuesday 6 March 6:00pm

As a school we are constantly reviewing our practise in school. One of these is how we teach maths calculations in school. We have been focusing on the way we teach written calculations this term. We will be holding a workshop in school on Tuesday 6 March so we can share with parents how written maths are being taught in our school so you can support your child at home.

The following aspects of mathematics will be covered:

- To look at the ways in which we teach written calculations;
- To look at ways in which parents can help their children.

If you are interested in attending this workshop please could you complete the reply slip below in order for us to have an idea of numbers.

We hope that you can attend this workshop.

Yours sincerely

A handwritten signature in cursive script that reads "E Taylor".

Mrs Taylor

I / We wish to attend the Mathematics Written Calculations' Workshop

Name of child/ children _____ Year _____

_____ Year _____

_____ Year _____

Number of seats required: _____
