

Use of Primary PE and Sport Premium at Ribchester St. Wilfrid's C of E Primary School – 2017/2018

It is the school's vision that **ALL** pupils leave Ribchester St. Wilfrid's C of E Primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport.

We have long recognised the benefits of physical education for children. We also recognise that participation in sports is vital in encouraging young people to live active and healthy lives, as well as developing team skills, social skills and resilience. We believe these are attributes that we should promote for all of our pupils.

The School Sports Premium Funding is provided, in addition to the school's budget, to support all children and their involvement in activity. The premium must be used to fund **additional and sustainable** improvements to the provision of PE and sport, for the benefit of primary-aged pupils to encourage the development of healthy, active lifestyles.

The aim is to improve the quantity, quality and breadth of PE and sport provision within the school. The allocation is calculated according to the intake of the school and the school must decide how to make best use of the money provided.
